

## DATA SHEET

# LOGITECH SYNC

Logitech® Sync makes managing meeting rooms and Logitech devices easy and intuitive. Built on secure, cloud-based architecture, Sync helps you deploy and manage video conferencing at scale.

## MODERN DEVICE MANAGEMENT

Logitech Sync makes managing your video conferencing devices easy, no matter how big your organization grows. Even if you're managing hundreds or thousands of rooms, each one is instantly accessible from the simple, browser-based interface. Update firmware and enable features remotely from across the room, or across the world. Featuring an open API and forward-looking architecture, Sync opens a door to insights and integrations—giving you the information you need to manage your rooms more efficiently.

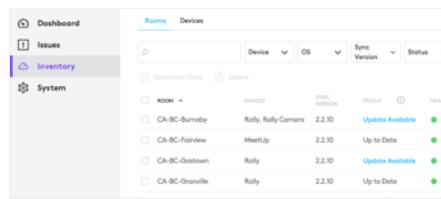

## MONITORING

### Real Time Room Status

Fix disconnected devices and offline rooms before that panicked phone call or trouble ticket comes in. Sync automatically highlights issues that need your attention in real time and offers in-depth diagnostic info so you can resolve problems before they impact a meeting.

#### Monitor:

- Device health
- Accessory health
- Room availability
- Firmware version
- Update availability

## MANAGEMENT

### Let Sync Make the Site Visits

On demand or scheduled, Sync helps you deploy product upgrades and bug fixes to all of your rooms. Simply select your devices, choose an action, and let Sync make it happen, without the need for you to be there.

#### Manage:

- Update firmware
- Troubleshoot devices
- Enable/disable features such as RightSight™ auto-framing

## INTEGRATIONS

### Open Platform, Easy Integration

Sync's API and the wider ecosystem of Logitech technology partner solutions allows IT pros, facility managers, and managed service providers to use centralized, cross-platform solutions to monitor, manage, and analyze meeting rooms and devices.

#### Integration Partners Include:

- Barco
- Domotz
- Utelogy

## INSIGHTS

### The Future of Sync

Sync will soon provide additional insight on how people use rooms and devices, empowering you to make the most of collaboration spaces and technologies for more productive meetings.
